

# MM30 HV

**DECORATIVE SHOTCRETE / STUCCO  
SLABJACKING / SELF-LEVELING FLOORING  
BLOCK FILLING / CONCRETE RESTORATION**

## MM30 HV

The MM30 High Volume concrete pump is designed for medium to high slump materials. Capable of pumping 8 yards per hour with 900 psi, this makes the MM30 HV the perfect pump for any concrete restoration project.

### Additional Features:

- Electric Volume Control
- Chrome Material Cylinders
- Patented Lube Tube
- Hydraulic Drive Wheel
- Safety Emergency Stop
- Hydraulic Test Ports
- Hardened Steel for Longer Wear
- Remote Control Fwd/Rev with Cable
- Weatherproof Enclosure
- Steel Material Pistons
- Electric Engine Start
- Hour Meter / Tachometer
- Swing-Valve with Splined Shaft
- Hydraulic Oil Cooler
- Hydraulic Sight Gauge
- Oil Temp - Hydraulic
- Reversibility at Any Point in the Stroke
- Proximity Switches on Cylinders to Eliminate Short Stroking
- Protective Cover
- Easy Access Grease Ports
- Suction Strainers
- Hydraulic Oil Filter
- Certified Parker Hoses
- Convenient Hopper Clean Out
- Dual Hydraulic Circuits

| <b>Standard Features</b>                | <b>MM30 HV</b>     |
|---|--------------------|
| Material Output (cu.yds./cu.m) Per Hour | <b>8/6</b>         |
| Pressure on Concrete (psi/bar)          | <b>900/62</b>      |
| Material Cylinder Diameter (in/mm)      | <b>3.0/76</b>      |
| Material Cylinder Length (in/mm)        | <b>18.00/457</b>   |
| Material Outlet Diameter (in/mm)        | <b>3.0/76</b>      |
| Concrete Valve                          | <b>Swing-Valve</b> |
| Max Aggregate Size (in/mm)              | <b>.375/9.5</b>    |
| Diesel Engine Kubota Turbo (hp/kw)      | <b>31.5/24</b>     |
| Length (in/cm)                          | <b>76/193</b>      |
| Width (in/cm)                           | <b>29/74</b>       |
| Height (in/cm)                          | <b>61/154</b>      |
| Weight (lbs/kg)                         | <b>1640/744</b>    |
| Auxiliary Hydraulic Flow (gpm/ltr)      | <b>8/30</b>        |
| Auxiliary Hydraulic Pressure (psi/bar)  | <b>2500/172</b>    |
| Variable Displacement Piston Pump       | <b>Yes</b>         |

**Combine Any MightyMAG Mixing System with Any Pump**

### Optional Features:

- Electric Power
- Skid Mounting
- Hopper Remixer
- Hopper Extensions
- Wireless Remote
- Stroke Counter
- Forklift Frame
- Trailer Frame with Torsion Axles
- Adjustable Material Pressure Control

*Note: Capacity, conveying distance and height will vary depending on the job conditions, mix and diameter of pipeline used.*
