

# MM40

# Pump, Mix & Operate Drills

## MM40

The MM40 concrete pump combines high flow auxiliary with 0-12 yds. per hour. This state of the art concrete pump is perfect for operating hydraulic drills or torque motors while having the ability to pump and mix material.

### Additional Features:

- Electric Volume Control
- Chrome Material Cylinders
- Patented Lube Tube
- Hydraulic Drive Wheel
- Safety Emergency Stop
- Hydraulic Test Ports
- Hardened Steel for Longer Wear
- Remote Control Fwd/Rev with Cable
- Weatherproof Enclosure
- Steel Material Pistons
- Electric Engine Start
- Hour Meter / Tachometer
- Swing-Valve with Splined Shaft
- Hydraulic Oil Cooler
- Hydraulic Sight Gauge
- Oil Temp - Hydraulic
- Reversibility at Any Point in the Stroke
- Proximity Switches on Cylinders to Eliminate Short Stroking
- Protective Cover
- Easy Access Grease Ports
- Suction Strainers
- Hydraulic Oil Filter
- Certified Parker Hoses
- Convenient Hopper Clean Out
- Dual Hydraulic Circuits

<b>Standard Features</b>	<b>MM40</b>
Material Output (cu.yds./cu.m) Per Hour	12/9
Pressure on Concrete (psi/bar)	1000/69
Material Cylinder Diameter (in/mm)	4.0/102
Material Cylinder Length (in/mm)	18/457
Material Outlet Diameter (in/mm)	3.0/76
Concrete Valve	Swing-Valve
Max Aggregate Size (in/mm)	.750/19
Diesel Engine Kubota Turbo (hp/kw)	42.5/32
Length (in/cm)	76/193
Width (in/cm)	29/74
Height (in/cm)	61/154
Weight (lbs/kg)	1640/744
Auxiliary Hydraulic Flow (gpm/ltr)	25/95
Auxiliary Hydraulic Pressure (psi/bar)	2500/172
Variable Displacement Piston Pump	Yes

**Combine Any MightyMAG Mixing System with Any Pump**

### Optional Features:

- Electric Power
- Skid Mounting
- Hopper Remixer
- Hopper Extensions
- Wireless Remote
- Stroke Counter
- Forklift Frame
- Trailer Frame with Torsion Axles
- **Adjustable Material Pressure Control**

*Note: Capacity, conveying distance and height will vary depending on the job conditions, mix and diameter of pipeline used.*

**APPLICATIONS:**  
SHOTCRETE / SLOPE STABILIZATION  
CONCRETE RESTORATION / FLAT WORK  
PONDS & SPAS / ROCK SCAPING  
BRIDGE REPAIR / MINES  
TUNNELS / FOUNDATIONS

**MAGNUM  
PUMPS**  
*Pumps Designed  
For Profits.*
